Power & Heat Returned to Terrell Homes

Power and heat were finally restored on the evening of November 8th to the more than 500 residents at Terrell Homes. During that week ICC worked with tenant leaders, the Newark Housing Authority, and local officials to provide clothing, blankets, and hot meals to residents. Many thanks to our partners Councilman Amador, Assemblyman Coutinho, Mayor Booker, Chief of Staff Mo Butler, Muslims Against Hunger, People in Need, Saphya Sai Zaba, New Hope Baptist Church, and others.

ICC's Family Success Center and East Ferry Revitalization Project will continue to service the residents of Terrell Homes.

Joseph & Waydell
Streets Area

This neighborhood was hard hit by what residents describe as a "tsunami" from the Passaic River, which is a Superfund site. Homes were damaged and/or contaminated and some residents have been evacuated. ICC is working with residents and our partners, including the US EPA, to fully assess damages and the needs of residents and businesses.

If You Would
Like To Help

Many thanks to all who have helped in this crisis and to all who continue to offer assistance. For example, East Side High School and Prudential have student and staff volunteers ready to help out. We will keep you informed of opportunities to help via email and on our Facebook Page.
